Sponsorship Proposal for Melba Hospital

About the Event
We, the Computer Technology Club (CTC) of MEDA WELABU UNIVERSITY, are organizing an exciting Hackathon for students in the College of Computing. This event will bring together creative minds, developers, and future tech innovators to solve real-world problems using technology.

The purpose of this event is to:
- Encourage innovation and teamwork among students
- Strengthen the connection between students and industry
- Create real-world solutions, including websites and applications, for local businesses

Our Offer to Melba Hospital
As part of this event, we would like to partner with Melba Hospital by **offering the development and delivery of a custom website that meets your professional and promotional needs.**
In exchange, we kindly request sponsorship to support the prizes for our Hackathon winners.

What Melba Hospital Gets
We will deliver a clean, responsive, and user-friendly hospital website that includes:
- Homepage with emergency info
- About us, Services, and Doctors profiles
- Appointment booking form
- Contact page with map
- Promotion banners or videos if desired
- Mobile responsive design
